A ROTARY STORY

INTERNATIONAL SERVICE

“Rotarians” are MEMBERS of a Rotary Club who share a common set principles to be **TRUTHFUL** and **FAIR** while promoting **GOODWILL, FRIENDSHIP** and **SERVICE** to others.

ROTARY’S biggest international service project aims for a world that is polio free.

WHAT IS POLIO?

“Polio” – poliomyelitis (full name)

- DISEASE caused by a virus.
- Infects children or adults.
- May cause death.
- Often causes paralysis
- Loss of mobility and deformities.

WHAT IS POLIO?

Loss of mobility - Deformities

Polio Deformities

POLIO - HISTORY

- We have evidence that Polio has afflicted humans since ancient times.
- This Egyptian stela is roughly 3500 years old.

POLIO EPIDEMICS WERE FREQUENT DURING SUMMERS IN NORTH AMERICA FROM LATE 19TH CENTURY TO MID 20TH CENTURY

- 1961: First commercial use of Sabin oral (live attenuated virus)

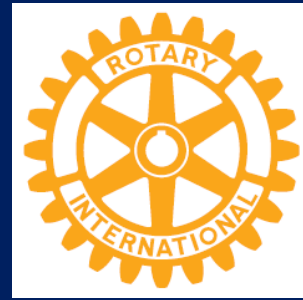

POLIO ERADICATION ROTARY INTERNATIONAL

- 1978:** Rotary Health Hunger and Humanity Committee sponsored polio immunization for six million children in the Philippines.
- 1982:** Rotary created **Polio 2005**, to provide polio vaccine to all children in the world in anticipation of Rotary's 100th anniversary in 2005.

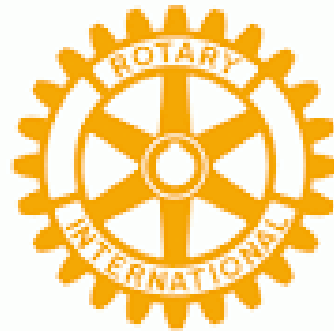

POLIO ERADICATION ROTARY INTERNATIONAL POLIO PLUS

- 1985: Polio Plus** was initiated with a goal of raising \$120 million to immunize 500 million children.
- 1987:** Rotary had raised \$240 million far exceeding the original goal.
- 1988:** The World Health Assembly passes a resolution to eradicate polio by the year 2000. The Global Polio Eradication Initiative is launched.
