1' to discover an aspect of Rotary

The annual international Convention

Rotary International holds an annual convention during the last quarter of the Rotary year, inviting Rotarians from around the world to attend.

Cities with sufficient infrastructure to accommodate several tens of thousands of participants can apply.

The objective of these Conventions is to motivate and inform Rotarians to help them develop Rotary in their Clubs and Districts.

It is also a great opportunity to meet and celebrate friendship between Rotarians from all countries.

The program includes plenary sessions and specialized workshops

Entertainment and conviviality play an important role

It is strongly recommended that every Rotarian participate at least once in a Convention, and thus become aware of the international nature of Rotary.

The election of leaders for the following year is carried out: President, Board of Directors and Governors.
