## **What can be found in Rotary's annual report?**

---

A few months after the close of each Rotarian year, the Presidents of Rotary International and The Rotary Foundation publish an annual report.

The report of the 2021/2022 Rotarian Year is now available.

Shekhar MEHTA, President of Rotary International, and John F. GERM, Chairman of The Rotary Foundation Board of Trustees, share their thoughts on the past year.

They focus on membership, peace, polio and the 2022 Rotary Convention in Houston.

The respective accounts of Rotary International and the Foundation allow each Rotarian to see the main items of income and expenditure.

This is followed by personal testimonials from some of The Rotary's major donors.

Then the moral report highlights the main achievements of the year in areas such as polio, Ukraine, the emancipation of young women, the Presidential Conferences, etc.

Finally, some remarkable actions are given as examples.
